II. Health Information

II a. Certificate reference number

L.B.L. 6328

II.1 (i) Public health attestation

I, the undersigned declare that I am aware of the relevant provisions of Regulations (EC) No. 178/2002, (EC)No. 852/2004, (EC)No.853/2004 and (EC)No. 854/2004 and certify that fishery products described above were produced in accordance with those requirements, in particular that they:

Come from (an) establishment(s) implementing a programme based on the HACCP principles in accordance with regulation (EC) No. 852/2004.

Have been caught and handled on board vessels, landed, handled and where appropriate prepared, processed, frozen and thawed hygienically in compliance with the requirements laid down in Section VIII. Chapter V of Annex III to Regulation (EC) No. 853/2004.

Satisfy the health standards laid down in Section VIII. Chapter V of Annex III to Regulation (EC) No. 853/2004 and the criteria laid down in Regulation (EC) No. 2073/2005 on microbiological criteria for food stuffs.

Have been packaged, stored and transported in compliance with Section VIII, Chapters VI to VIII of Annex III to Regulation (EC) No. 853/2004.

Have been marked in accordance with Section I of Annex II to Regulation (EC) No. 853/2004.

The guarantees covering live animals and products thereof, if from aquaculture origin, provided by the residue plans submitted in accordance with Directive 96/23/EC, and in particular Article 29 thereof, are fulfilled; and

Have satisfactorily undergone The official controls laid down in Annex III to Regulation (EC) No. 854/2004

II.2.1 Animal health attestation for products of aquaculture origin

I, the undersigned declare that the fishery products described above originate from fish or crustaceans that were clinically healthy on the day of harvest and have been transported under conditions that do not alter the animal health status of the products and certify, in particular that:

If from species susceptible to ISA and/or EHN, they-

[Originate from a source considered free from ISA and/or EHN in accordance with the relevant EU legislation or OIE Standard].

[have been slaughtered and eviscerated]

If from species susceptible to VHS and/or IHN, they

Originate from a source considered free from VHS/IHN in accordance with the relevant EU legislation or OIE Standard].

[have been slaughtered and eviscerated].

II.2.2 [Requirements for species susceptible to Viral haemorrhagic septicaemia (VHS) haematopoietic necrosis (IHN), infectious salmon anaemia (ISA), herpes virus (KHV) and white spot disease intended for a Member State, zone or compartment declared disease free or subjected to a surveillance or eradication programme for the relevant disease.

I, the undersigned official Inspector, hereby certify that the aquaculture animals or products thereof referred to in part I of this certificate originate from a country/territory, zone or compartment declared free from [VHS], [IHN], [ISA], [KHV], white spot disease in accordance with Chapter VII of Directive 2006/88/EC or the relevant OIE Standard by the competent authority of my country.

Where the relevant diseases are notifiable to the Chief Fisheries Officer and reports of suspicion of the infection of the relevant disease must be immediately investigated, by the Chief Fisheries Officer.

All introduction of species susceptible to the relevant diseases come from an area declared free of the disease and

Species susceptible to the relevant diseases are not vaccinated against the relevant diseases.

II.2.3 Transport and labelling requirements

I, the undersigned official Inspector, hereby certify that:

II.2.3.1 the aquaculture animals referred to above are placed under conditions, including with a water quality, that do not alter their health status,

II.2.3.2 the transport container or well boat prior to loading is clean and disinfected or previously unused; and

II.2.3.3 the consignment is identified by a legible label on the exterior of the container, or when transported by well boat, in the ship's manifest, with the relevant information referred to in boxes 1.7 to 1.11 of Part I of this certificate, and the following statement:

"[Fish Crustaceans] intended for human consumption in the Community".

Box reference 1.8: Region of origin: For products of aquaculture origin and if appropriate, indicates zones as listed in Commission Decisions 2002/308/EC and 2003/634/EC. For frozen or processed bivalve molluscs, indicate the production area.

Box reference 1.11: Place of origin: name and address of the dispatch establishment

Box reference 1.15: Registration number (railway wagons or container and lorries), flight number (Aircraft) or name (ship). Separate information is to be provided in the event of unloading and reloading.

Box reference 1.28: Nature of commodity: specify if aquaculture or wild origin

Treatment type: live, chilled, frozen, processed

Manufacturing plant: including Factory vessel, freezer vessel, cold store, processing plant

Part 11: Part 11.2 is not relevant to consignments intended for retail provided they comply with the rules: applying to packaging and labelling laid down in Regulations (EC) No 853/2004.

Delete as appropriate.

This part of the animal health certificate is only relevant if the consignment comprises species referred to as susceptible to ISA and/or EHN. The requirement applies to exports to all member states, whereby one of the two statements should be retained, unless the consignment is intended for further processing in an approved import centre.

Known susceptible species

Disease/ Susceptible host species/

EHN Redfin perch (*Perca fluviatilis*), rainbow trout (*Oncorhynchus mykiss*)

ISA Atlantic salmon (*Salmo salar*), rainbow trout (*Oncorhynchus mykiss*), brown trout (*Salmo trutta*)

VHS Atlantic cod (*Gadus morhua*), Atlantic herring (*Clupea harengus*), brown trout (*Salmo trutta*), chinook salmon (*Oncorhynchus tshawytscha*), coho salmon (*O kisutch*), grayling (*Thymallus thymallus*), haddock (*Melanogrammus aeglefinus*), pacific cod (*Gadus macrocephalus*), Pacific herring (*Clupea harengus pallasii*), pike (*Esox lucius*), rainbow trout, white fish (*Coregonus* sp)

IHN Rainbow or steelhead trout (*Oncorhynchus mykiss*), the pacific salmon species (chinook salmon (*O tshawytscha*), sockeye salmon (*O nerka*), chum salmon (*O keta*), masou salmon (*O masau*) (*O rhodurus*) and coho salmon (*O kisutch*), and Atlantic salmon (*Salmo salar*).

Sources may be a country zone or an individual farm

Freedom according to the provisions laid down in Annex B or C to Directive 91/167/EEC, and Commission Decisions 2001/183/EEC and 2003/466/EC. Freedom according to the most current edition of the IUE Code and Manual is also recognised.

This part of the animal health certificate is only relevant if the consignment comprises species referred to as susceptible to VHS and/or IHN in order for the consignment to be authorised into a member state or part thereof (box 1.9 and 1.10 of part 1 of the certificate) declared free from VHS, and/or IHN or undergoing a programme for such freedom, one of the two statements must be retained, unless the consignment is intended for further processing in an approved import centre.

A list of such member states and zones are listed in Commission Decision 2002/308/EC and 2003/634/EC.

The colour of the stamp and signature must be different from that of the most particulars in the certificate.
